## EXPERIENCE

**AUGUST 2018 – SEPTEMBER 2020**

**IWMS Administrator**

**Robert Stephen Consulting, LLC**

- Created and modified hundreds of views, home pages and reports in the ARCHIBUS Web Central and Smart Client IWMS software based on customer specifications.
- Built numerous Excel direct connect reports and designed Crystal Reports to give actionable insights into customer data such as terminations, new hires, and moves on a weekly, monthly, and yearly basis.
- Utilized AutoCAD software to polyline at least 30,000 square feet of CAD drawings into our ARCHIBUS database per day.
- Developed over 25 responsive SpaceView Bootstrap webpages for RSC customers, using HTML5, CSS3, and JavaScript, as well as unit testing hundreds of design and functionality updates.

**AUGUST 2015 – JULY 2018**

**Data Analyst**

**Applied Systems**

- Generated production databases using our ETL tools and wrote DDL/DML T-SQL Queries in MS SQL Server 2008 – 2016 to generate reports and dig deeper into data migration bugs.
- Identified bugs and tested new functionality in existing software during initial, regression, and release testing.

- Managed client conversions to Applied Systems EPIC insurance management software from various source systems including TAM, INSTAR and VISION.
- Completed extensive research of data conversion issues while working closely with our implementation leads to come up with the best solution to our client's problems.
- Designed workflow and troubleshooting documentation for department wide use.
