EXPERIENCE

AUG 2018 – SEPT 2020

Front-End Web Developer, CAD Designer, IWMS Administrator

Robert Stephen Consulting, LLC

• Developed over 25 Responsive SpaceView Bootstrap webpages with 100+ design and functionality updates using HTML5, CSS3, and jQuery/JavaScript.

• Polylined 100,000 – 150,000 square feet per week for various RSC clients in AutoCAD.

• Customized several hundred tasks, reports and home pages in ARCHIBUS Web Central.

• Created and modified hundreds of Views, Home Pages and reports in the ARCHIBUS Web Central software based on customer specifications.

• Utilized AutoCAD software to polyline several hundred architectural floor plans into our ARCHIBUS database to create valuable insights while also planning for space, equipment, and employees.

• Developed numerous Excel direct connect reports and designed Crystal Reports to give actionable insights into customer data such as terminations, new hires, and moves on a weekly, monthly, and yearly basis.

OCT 2016 – JUNE 2018

Data Analyst, Testing Analyst

Applied Systems

• Performed weekly regression testing of data migration code on our standard data sets.

• Identified defects and tested new functionality in existing software during initial, regression, and release testing.

• Verified that a defect or user story worked on by the development team was properly fixed.

• Generated production databases using our ETL tools and wrote release notes for all assigned user stories.

• Managed client conversions to Applied Systems EPIC insurance management software from various source systems including TAM, INSTAR and VISION.

• Completed extensive research of data conversion issues while working closely with our implementation leads to come up with the best solution to our client's problems.

• Developed workflow and troubleshooting documentation for department wide use.

APR 2014 – SEPT 2014

Operations Intern

Fastenal

• Gathered knowledge through various store functions including inside and outside sales, distribution, marketing, and other support areas to get a broad view of the industrial and construction supply industry.

• Gained an understanding of inside sales through the identification of product/service sales opportunities depending on type of customer.

• Shadowed a current Fastenal outside salesperson to learn essential elements of customer accounts.

• Obtained proficiency in evaluating accounts receivable and invoices.
